respects your privacy. Read our privacy policy for more information.
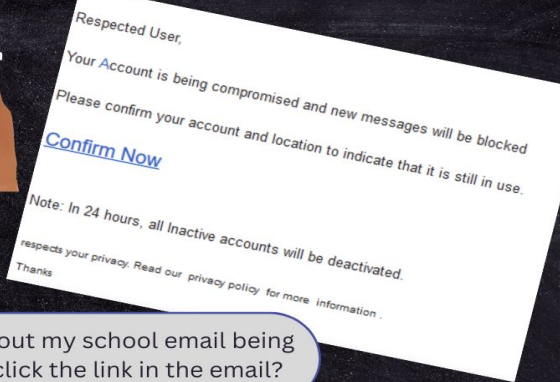

Thanks

> Help! I got an email about my school email being deactivated. Should I click the link in the email?

> No! The LPPS tech dept would never ask you to do that. Don't click on any links in the email, forward it to helpdesk@lpsb.org and delete it.

> Thanks! It sounded kind of phishy to me. I'm so glad my account didn't get hacked.

Phishing is a cyber attack used to steal user data such as login credentials and credit card info.

TECHIE TIDBIT

It is super simple to have your students access specific content on a website. In Google Chrome, you can link to a specific part of a web page! All you have to do is:

1. Highlight the text you want to share.
2. Right-click on the selection and select "Copy link to highlight".
3. Paste the link anywhere, like in Word Doc, Google Slide, or Google Classroom.

For a video on how to link into Google Classroom, scan the QR Code.
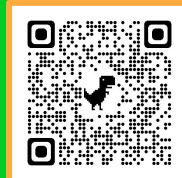

Need a digital template to use with Wit and Wisdom?

INTRODUCING THE LPPS TECHNOLOGY POINTS PROGRAM

What Is It?

A program where educators can earn points that transfer into dollars to purchase technology items for their classrooms.

How Do I Earn Points?

Complete technology trainings and courses. Each completed hour is worth 1 point.

What Can I Buy With My Points?

Equipment, accessories, subscriptions, devices, and more!
